We've updated our terms of service and/or privacy policy. Please take a moment and review them. By continuously using our services you agree to our updated terms & privacy policy. Switch to English? Mudar para Português? Sejda All Tools Compress Edit Fill & Sign Merge Delete Pages Crop Remove pages from a PDF document This document has limited permissions. Provide the owner password to enable modifying its contents. Learn more. Loading, please wait... Below we show how to delete pages from a PDF online (on a Mac or a PC). Files are safely uploaded over an encrypted connection. Files stay secure. After processing, they are permanently deleted. Rather not upload your files and work with them offline? Try Sejda Desktop. Same features as the online service, and the files never leave your computer. Click 'Upload' and select files from your local computer. Dragging and dropping files to the page also works. Dropbox or Google Drive files You can pick PDF files from Dropbox or Google Drive too. Expand the 'Upload' dropdown and select your files. Click 'Delete' on each page to remove the ones that you don't want. Pages are really similar to each other? 'Zoom' for bigger page thumbnails. If you pause with your mouse over a page a 'magnifier' will show up. Click 'Apply changes' to save your document, then 'Download'. You're done! That was easy. We're sorry, something went wrong. Please contact support at hi@sejda.com Verification code is incorrect Too many attempts. Please try again later. An error occurred. Please try again or contact support. Processing, please wait... Sign in Click to edit Sorry, unsupported image format. We support the following image types: You already have an active monthly subscription Trying to add more seats? You can do this from your account page Please verify your email address before continuing with your purchase Tap again to place element on page Press ESC to cancel Form fields now in fill out mode Form fields now in edit mode Add a shape by making an area selection on the page Click and drag to draw the shape This font (embedded in the document) does not support this style change. Try changing the font family Rotating image, please wait... Right to left scripts are not fully supported (eg: Arabic, Hebrew) The original font used for this text is missing some of the characters you typed Editing a scan? Changing existing text inside scans not supported Other functionalities work: adding text, images, etc. Read only field is now editable Click existing text to edit or click the page to add new text Select a page area to create link Click a location on the page to add image Select text to annotate Select page area to whiteout Click a location on the page to add signature Select area to draw the shape Press ESC to exit freehand highlight mode Press ESC to exit draw mode Add links by making an area selection on the page Freehand > Highlight tool>Text highlight not working? Try the Annotate > Freehand > Highlight tool Cannot zoom on pages that have changes Complex script alphabets are not supported (eg: Arabic, Devanagari) Text is too small to edit. Please zoom in and try again One more free save left for the next minutes Stop editing fields Make fields editable Click once to select Click on the page to place symbol Looks like you clicked outside the page? Please try clicking a location inside the page Your text field seems very tall Did you mean to use a multiline text field instead of a single line text field? Sample text This page is rotated Sorry, adding form fields on rotated pages is not yet supported Whiteout hides but will not completely remove underlying text or images. Not suitable for redacting sensitive data Sorry, adding annotations on rotated pages is not yet supported Delete page Zoom in Zoom out Rotate page Embedded font, characters might be missing Read-only form field. Double click to edit Field has features that are not supported Insert page here Document contains XFA elements, which are not supported Document contains unsupported features Reached end of the document Please enter text to find Added form field Deleted form field Link to page Whiteout Rectangle Ellipse Line Arrow Signature Image There is something wrong with this form field. We cannot update its value Could not access your camera to capture signature Click 'Allow' in the pop-up above to activate your camera Some images could not be processed and were removed from your edits Text color Repeated on all pages No longer repeated on all pages Can no longer be modified after being repeated on all pages Drag text with your mouse to move it 2 free saves left for the next No free saves left for the next hours Unsupported field Image might be partially hidden by an overlapping element Document contains unsupported form fields Click a location on the page to add attachment Attachment Attachment already exists An attachment with this filename already exists ESC to cancel Attachment download This attachment was added or updated in the current editing session Click to place signature Click again to change signature With a free account, you can add text, images, highlights, and drawings to your PDFs, as well as organize your documents. Direct PDF editing requires a Pro subscription, which you can try with a 7-day free trial. Feel free to cancel anytime during the trial.Smallpdf is an ideal solution for teams and businesses that need to edit PDF documents and improve their PDF workflows. Upload your file, navigate to the 'Edit Text' tab, and select the text you wish to change. Please note that direct text editing is a feature available with a Pro subscription, which includes a 7-day free trial. You have the option to cancel at any point during the trial if it doesn't meet your needs.To password-protect your edited PDF, navigate to the 'Protect PDF' tool in the 'Tools' dropdown after editing. There, you can set and confirm a password to secure your file for enhanced security.Easily edit text, images, and annotations in your documents with online tools like Smallpdf. Forget heavy software—simply upload your file and begin editing.Smallpdf Secure PDF editing through encrypted connection, ISO/IEC 27001 certification, and GDPR compliance ensures safe handling of data throughout the editing process and afterwards. Edit your PDF online with Smallpdf's free service, dragging your file into the editor to begin without software installation necessary. Smallpdf's OCR tool converts scanned documents into editable digital text, allowing direct editing using the PDF Editor. Highlight sections in your PDF by dragging and dropping it into the Smallpdf PDF Editor at the top of this page and using the highlighter tool. Files are safely uploaded over an encrypted connection, staying secure after processing with permanent deletion. Alternatively, try Sejda Desktop for offline work, offering same features as the online service without files leaving your computer. Click 'Upload' to select files from your local computer or drag-and-drop them onto the page. You can also pick PDF files from Dropbox or Google Drive by expanding the 'Upload' dropdown and selecting your files. To combine multiple PDF files into a single document, follow these steps: upload files safely over an encrypted connection, staying secure with permanent deletion after processing. Rather than uploading files, try Sejda Desktop for offline work without files leaving your computer. Click 'Upload' to select files from your local computer or drag-and-drop them onto the page. You can also pick PDF files from Dropbox or Google Drive by expanding the 'Upload' dropdown and selecting your files. Drag and drop the files to change the merge order, using sort buttons for alphabetical sorting on filenames ('A-Z' or 'Z-A'). Files with even numbers of pages may break double-sided printing; insert a blank page at the end of these files to print well double-sided. Select the 'Double sided printing' option. Customize how the PDF file outline will be merged by choosing from four scenarios: discard all, keep all, discard existing and create new bookmark per file, or create bookmark per file keeping existing under. You can add your original filename in the footer for each page from the merged PDF file by selecting 'Add filename to page footer' in 'More options'. Use the first page as a Table of Contents with clickable links navigating easily to the starting page of each merged file by choosing between filenames or document titles. Flatten form fields so filled-in values remain visible but are no longer editable, available in 'Form Fields' section under 'More options'. If your PDF files contain mixed pages that alternate between two files, see Alternate & Mix PDF for more information on customizing the merge. Click 'Download' to save the merged PDF file to your computer or save it to Dropbox. To manipulate document and share with the world easily, use Soda PDF's online editor and various tools available there are lots of. Read-only form field unable to edit due to unsupported features, unable to capture signature, and some images removed from edits.
