Central machinery 14 bandsaw blade size

Upgrade your bandsaw with our central machinery band saw blade guide, expertly designed for the most discerning woodworkers, to achieve smoother cuts and extended blade life. Featuring precision sealed ball bearing roller guides, this upgrade significantly reduces blade friction, leading to more accurate and precise cuts every time. The adjustable design allows compatibility with a wide range of blade widths from 3/16" to 1". Specifically tailored for Central Machinery 14" saws with a 7/8" diameter upper mounting post, this guide kit enhances the overall performance of your saw.
