Turecki serial vnutri

Police officers Sarp and Mert work undercover in enemy camps. The spies pursue opposite goals without realizing they are brothers separated at a young age due to the actions of mafia. The crime series "Inside" is based on Martin Scorsese's iconic film "The Departed". Young Turkish celebrities Çagatay Ulusoy and Aras Bulut İynemli play lead roles. Many years have passed since Sarp, a student of police academy, was separated from his younger brother Umut, who was kidnapped by bandits. A family tragedy had an impact on Sarp's character and fate, making him a fierce enemy of criminals. This does not prevent him from infiltrating criminal circles to expose the powerful and ruthless mafia leader Jelal. Risking his life, Sarp gains Jelal's trust and even falls in love with his daughter. Meanwhile, a mole from the bandits, a young man named Mert, infiltrates the police. He is loyal to Jelal and unaware that his true name is Umut, while his brother Sarp fights on the other side of the barricades. The Turkish crime series "Inside" can be watched in our online cinema, Turk-Online.ru. Two brothers, Sarpe and Umute, were separated in childhood and now find themselves on opposite sides of the law. Their father, Metin, was a hitman for one of the most powerful mafia leaders in Istanbul, Serala Duman. When Metin is arrested and imprisoned, Serala kidnaps three-year-old Umute to ensure that Metin won't betray him. Sarpe and his mother, Fusun, never learn the truth about Umute's disappearance, as Metin dies in prison without revealing anything. Both believe Umute is dead after police bring them his blood-stained football jersey, and Sarpe grows up blaming himself for what happened to his brother. Years later, Sarpe is expelled from police academy a week before graduation after attacking his commander, Yusuf Kaya. He then attacks Yusuf again and goes to prison for a year. It's later revealed that Sarpe and Yusuf had planned everything to allow Sarpe to infiltrate Serala's group as a mole and help arrest him. Sarpe becomes more determined than ever to take down Serala, learning he's responsible for Umute's disappearance. Things take an unexpected turn when Sarpe falls in love with Melike Yıldız, Serala's protégé and lawyer, who is unaware that she's very close to her brother. Umute, now renamed Mert Karaday, remembers nothing about his family and remains loyal to Serala, believing he saved him and Melike from harsh treatment on the streets. He becomes a police officer and later joins Yusuf's team, acting as a spy for Serala. After falling in love with Eylem Aydın, Sarpe's childhood friend, Mert's loyalty to Serala is repeatedly tested, causing him to question his actions. Mert develops close relationships with his mother, Fusun, and engages in brutal rivalry with Sarpe, completely unaware that they are his real family. The popular Turkish series "Inside" (2016) can be watched online for free in high quality on this website in Russian language. The series is a must-watch due to Çagatay Ulusoy's excellent performance in the lead role. The Turkish TV series "Inside" begins with the graduation ceremony from police academy, where the main character, Sarp, attempts to kill his former mentor, Commissioner Yusuf. However, thanks to his mother's intervention, he is stopped just in time. Despite this, Sarp ends up in jail, where he vows to exact revenge on his family's enemy, Kebabci Jelal. The series follows the lives of two main characters: Sarp and Mert (also known as Umut). Sarp grew up with a troubled past, including the wrongful imprisonment of his father and the kidnapping of his younger brother. He is determined to clear his family's name and find his missing brother. Mert, on the other hand, has had a difficult childhood, surviving on the streets from a young age. Despite his rough start, he becomes a police officer and starts working under Commissioner Yusuf. Unbeknownst to Sarp, Mert is actually his younger brother. The two brothers have contrasting backgrounds and personalities, but their paths eventually cross. They constantly clash and fight each other, unaware that they are related. The series explores themes of family, loyalty, and redemption as the characters navigate their complex lives and relationships. The show features talented actors, including Çagatay Ulusoy (Sarp) and Aras Bulut İynemli (Mert). Both actors bring depth and nuance to their roles, making the characters feel like real people. Mert, также известный как Умут, — маленький мальчик, потерявшийся и ищущий свою семью. Он играл во дворе своего дома с Сарпом, когда его похищили Джейлямом на поручность криминального авторитета Стамбула. Тогда Мерту было около трех лет, и ему не зналось ничего о своем настоящем имени, семье или жизни. Ему дали новое имя - Мерт, но это толькоpartially помешало его суетливому пути в банду. Он добрый парень, хоть и вырос среди бандитов. Но Мерт мучается от того, что не знает кто он, где его настоящая семья и почему он остался один в этом мире. Ему временами мучают воспоминания и детские травмы. Мама Сарпа и Умута — Нихал Г. Колдаш, ее все называют тётя Фюсун. Именно на ее долю выпало много страданий в турецком сериале "Внутри". Сперва на ее мужа повесили множество убийств, посадили в тюрьму, ротом украли ее младшего сына, а потом она мучилась из-за Сарпа, который был вынужден служить отцу Джейлялю. Как же я ждала воссоединения этой семьи! Мне кажется, что этот момент не оставил равнодушным ни одного зрителя турецкого сериала "Внутри". Мерт, одиноко стоявший за окном родного дома, плача наблюдал за своей мамой. Сарп ради служебной операции еле сдерживал себя, чтобы не рассказать матери о том, что он нашел Умута. Мелек заставила Сарпа пересмотреть свои планы на жизнь. Наставница-мальчик вдохновил своего нового учителя на перемены ради которых он поступил в полицейскую академию. В будущем авантюрист готовился к началу битвы за торжество закона и справедливости, веря в возможность принести значительный вклад в общее дело. Сарп был гордым и принципиальным человеком, который не любил полумеры, всегда добиваясь победы в любой начатой деле. Он радовался приближающемуся выпуску из академии и строил планы на дальнейшу работу. Единственным раздражающим фактором во время обучения для него был неоднозначный студент Мерт, прошлое которого вызывало слишком много вопросов и домыслов. Сарп находился в постоянной конфронтации с парнем по ряду причин, и они пока не подозревали о степени родства, связующего их кровью. Много лет назад родные братья были разделены из-за происков небожрелателей, не зная о взаимных приключениях. Теперь им предстояло работать вместе, продолжая безрезультатное выяснение отношений. The story follows Sarp, a young man who enrolls in police academy to become a detective and leave his troubled past behind. Unbeknownst to him, his younger brother Umut is also at the academy, now going by the name Mert. The brothers have constant conflicts and disagreements, unaware that they are actually siblings. As Sarp navigates the challenges of becoming a police officer, he faces personal struggles and setbacks. He becomes involved with a criminal organization and eventually ends up in prison. While incarcerated, he impresses a powerful crime boss, who offers him a job after his release. Meanwhile, Umut-Mert is trying to reform himself by joining the police academy, but Sarp's actions put them on opposite sides of the law. The two brothers are torn apart, with Sarp working for the criminal underworld and Umut-Mert trying to do good as a policeman. The story explores themes of family, identity, and redemption, as the two brothers navigate their complicated relationships and try to find their place in the world.
